

SYNCHRONIZING THE WORLD OF RECYCLED FIBER

Harmon Associates is redefining the world of recycled fiber.

By synchronizing our customers' needs with our sellers' supply, we've created one of the most complete global fiber management programs in the industry. The result is consistency, competitive pricing, great service, and a strong business relationship.

Harmon is redefining customer service too. In a recent independent

survey, our sales and service staff received consistently high scores.

Backed by the financial resources of Georgia-Pacific, Harmon is your ideal recycled-fiber business partner.
